

Noble Appraisal Services

To Whom It May Concern;

I, _____, title owner of the property located at _____, do not feel the amount of loss quoted to me by my insurance carrier is sufficient enough to assist me in restoring my property to its pre-loss condition. Therefore, I feel it necessary to exercise my “Right to Appraisal”, as clearly stated in my insurance policy. Let this letter serve as official notice of my decision to invoke my right to appraisal.

I have retained the appraisal services of:

Noble Appraisal Services
contact@noblepagroup.com
1.800.705.0570 Toll Free Phone
850.249.0135 Phone

It is my request that all correspondence pertaining to the appraisal of my property go through Noble Appraisal Services. If you must contact me, please do not call me, but put all inquiries in writing. If, at any time during this process, you “the carrier” and my appraiser come to an agreement on the estimated cost of damage to my home in writing, I will agree to stop the appraisal process.

If you choose to deny my Right to Appraisal before appointing an appraiser within the allotted 20 days of receiving this notice, as specified in the policy/contract, please state your reason for denial in writing. In addition, I encourage you to review the case ruling of the Dallas Court of Appeals in the case of *State Farm v. Johnson*.
